Class X Maharashtra
 with 85.2% in 2020

INTERSHIPS AND PROJECTS

Internships **Codsoft** (Duration December 2024 - December 2024)
During my internship at CodSoft, I had the opportunity to work on various software development projects. I collaborated with the team to develop web applications using technologies like HTML, CSS, and JavaScript. My responsibilities included writing clean, efficient code, debugging issues, and assisting in the development of user-friendly interfaces. I also contributed to database management and worked on optimizing application performance. Throughout my time at CodSoft, I gained valuable hands-on experience, improved my problem-solving skills, and learned how to work effectively in a collaborative, fast-paced environment.

Projects **blog website** (Duration June 2024 - July 2024)
A blog website is an online platform where individuals or organizations share content in the form of articles, stories, or insights on various topics. It typically features a user-friendly layout with a homepage displaying recent posts, categories, and a search function. Blogs can cover a wide range of subjects, from personal experiences and hobbies to professional topics like technology, lifestyle, and business. Many blog websites also allow for interaction through comments, encouraging community engagement and discussion.
Skills used - React.js
